FALL 2021 COLLECTION

# FALL 2021 COLLECTION

What's new with the Active Series, Esprit Ez & Talès?

## ENJOY THE NEW FALL FINISHES

For the end of 2021, TRIANGLE is presenting a Fall Collection.

Three new finishes have been added to the Active Series and Esprit Ez ranges, providing an attractive seasonal collection, delivering high performance sound in chic and warm interiors. Two different woods: Chestnut and Light Oak, and a bold English Green color.

The subtle blend of TRIANGLE's acoustic craftsmanship combined with current interior design trends.

THE ACTIVE SERIES RANGE NOW AVAILABLE  
IN 3 NEW FINISHES

Following the success of last year's shades: Abyssal Blue, Eggplant and Linen Grey; 2021 will be a bold year with the introduction of a new color, English Green.

Impossible to resist this deep, traditional, and original color trend. This vibrant green will be enhanced with grey, pink, brown or blue tones, in a product

offering a connected TRIANGLE sound as powerful as ever.

These quality connected speakers are easy and efficient to use and check all the boxes. The complete connectivity remains unchanged and still offers the possibility to connect a turntable to enjoy 33 and 45 rpm records.

# Active Series

Chestnut

## WOODEN TREND

Chestnut will offer a more rustic but sophisticated look, that will blend well with both white and colorful interiors.

Light Oak contrasts with Chestnut, with a lighter, golden tone. It is appreciated for its elegance, its discreet, pure, and subtle tone that can fit all styles of decors

Whether you install your speakers in a living room, an office, or a library, embrace the charm of fall by giving your interior a chic or rustic English vibe.

## THE ESPRIT EZ RANGE RE- VEALS ITS NEW FINISH

TRIANGLE is committed to making high fidelity accessible to the greatest number of people and now adds the Chestnut finish for the Australe Ez, Antal Ez, Comète Ez, Titus Ez & Voce Ez models.

This wood, with warm tones and visible grains, offers a rustic and timeless design. The Black Wood, Black and White Lacquered finishes are still available.

The ESPRIT EZ range combines sound excellence, a contemporary finish, and an affordable price.

## TALES 340 SUBWOOFER NOW AVAILABLE IN TWO NEW FINISHES

TRIANGLE continues to expand its home theater range, now offering the Tales 340 in two new finishes: Light Oak and Chestnut.

This subwoofer is highly versatile in both Hi-Fi and home theater applications and will be the perfect addition to high-performing audio-video systems. This year, it is available in Light Oak and Chestnut finishes to match the entire home theater range BOREA.

These two shades of wood complement the already existing and still available Black and White versions.

## A MODERN AND POWERFUL HOME THEATER SOLUTION

TRIANGLE continues to invest in home theater products.

After the launch of the effect channels BRA1 last September, the Talès 340 subwoofer now complements the Home Theater category, fitting with the BOREA series.

BOREA is an award-winning range renowned in the industry and around the world for its acoustic performance and excellent value.

After being awarded the prestigious "EISA 2020-2021" prize as "Best Value Home Theater Speakers", the range presents a complete and accessible set of speakers that can be adapted to everyone's needs, offering flawless music reproduction and amazing audio-video performance.
